1. Login to TheBookPatch.com by entering your email address and password and clicking the **Log In** button at the top right.

2. After you log in you will be redirected to your Book Dashboard page. Click on the **book details** button to access your book's detail page.

A screenshot of the 'Book Dashboard' page. The title 'Book Dashboard' is prominently displayed at the top. Below the title, a paragraph explains that the dashboard shows up to four (4) of the user's last books in each category, with a 'view all books' link for more. The dashboard is organized into several sections. On the left, there are two grey boxes: 'My Online Writing Projects' (Books I am writing on TheBookPatch) and 'Published Book Projects' (Books complete and ready to order). The main content area features two book cards. The first card, 'My First Online Book', includes a small image of two dogs, the size '6" x 9"', 'Number of Chapters: 3', and 'Date Created: July 3, 2012', with a 'view details' button. The second card, 'My First Book - Uploaded', includes a book cover image, the size '6" x 9"', 'Number of Pages: 101', 'ISBN: 9781439183526', 'Publication Date: June 6, 2012', and 'Last Update: July 2, 2014'. A red box highlights the 'book details' button on this card. To the right, there is an 'ISBN Store' section with a barcode and the text 'ISBN is not obligated', and a 'CREATE A NEW BOOK' section with the text 'Use one of the built-in templates to create a new book.' and a 'Write a Book' section with the text 'Using our free online processor'.

3. In the Electronic Files section, click the **Upload** link for the file type you want to upload. In this case we will be uploading an ePub file.
